

Introducing Greenwood's New Lightweight Polyethylene Containers

Greenwood's sturdy reliable oblong lightweight HDPE bottles are made with a 1/3 less plastic. This makes them kinder to the environment *and* less expensive than traditional HDPE's. And, though it is lightweight it extremely sturdy and resistant to breakage. This lightweight HDPE offers greater product visibility than traditional HDPE's products.

Features

- 1/3 Lighter Than Other HDPE
- Threaded Bottle Prevents Leakage
- Available In Sizes: 32oz, 16oz & 8oz
- Assembled With Your Choice Of Cap
- Greater Product Visibility
- Certificate Of Analysis Is Available

Benefits

- 1/3 Less Plastic In Body Of The Bottle
- Space Saving Oblong Design
- Reduces Shipping Costs
- Easier For Visual Inspection
- Better For The Environment
